# Welcome to a happy learning community

Mytextbook, is the most innovative and effective science learning tool in Sri Lanka. All you need is your smart phone and the national textbook to experience the most comprehensive science education tool, ever produced in the country. It also being distributed at a very nominal subscription rate.

## 4CS we believe in

### 01. We believe in Change

To understand the world is changing and we need to adapt. To not expect new results from the same old.

### 02. We believe in Creativity

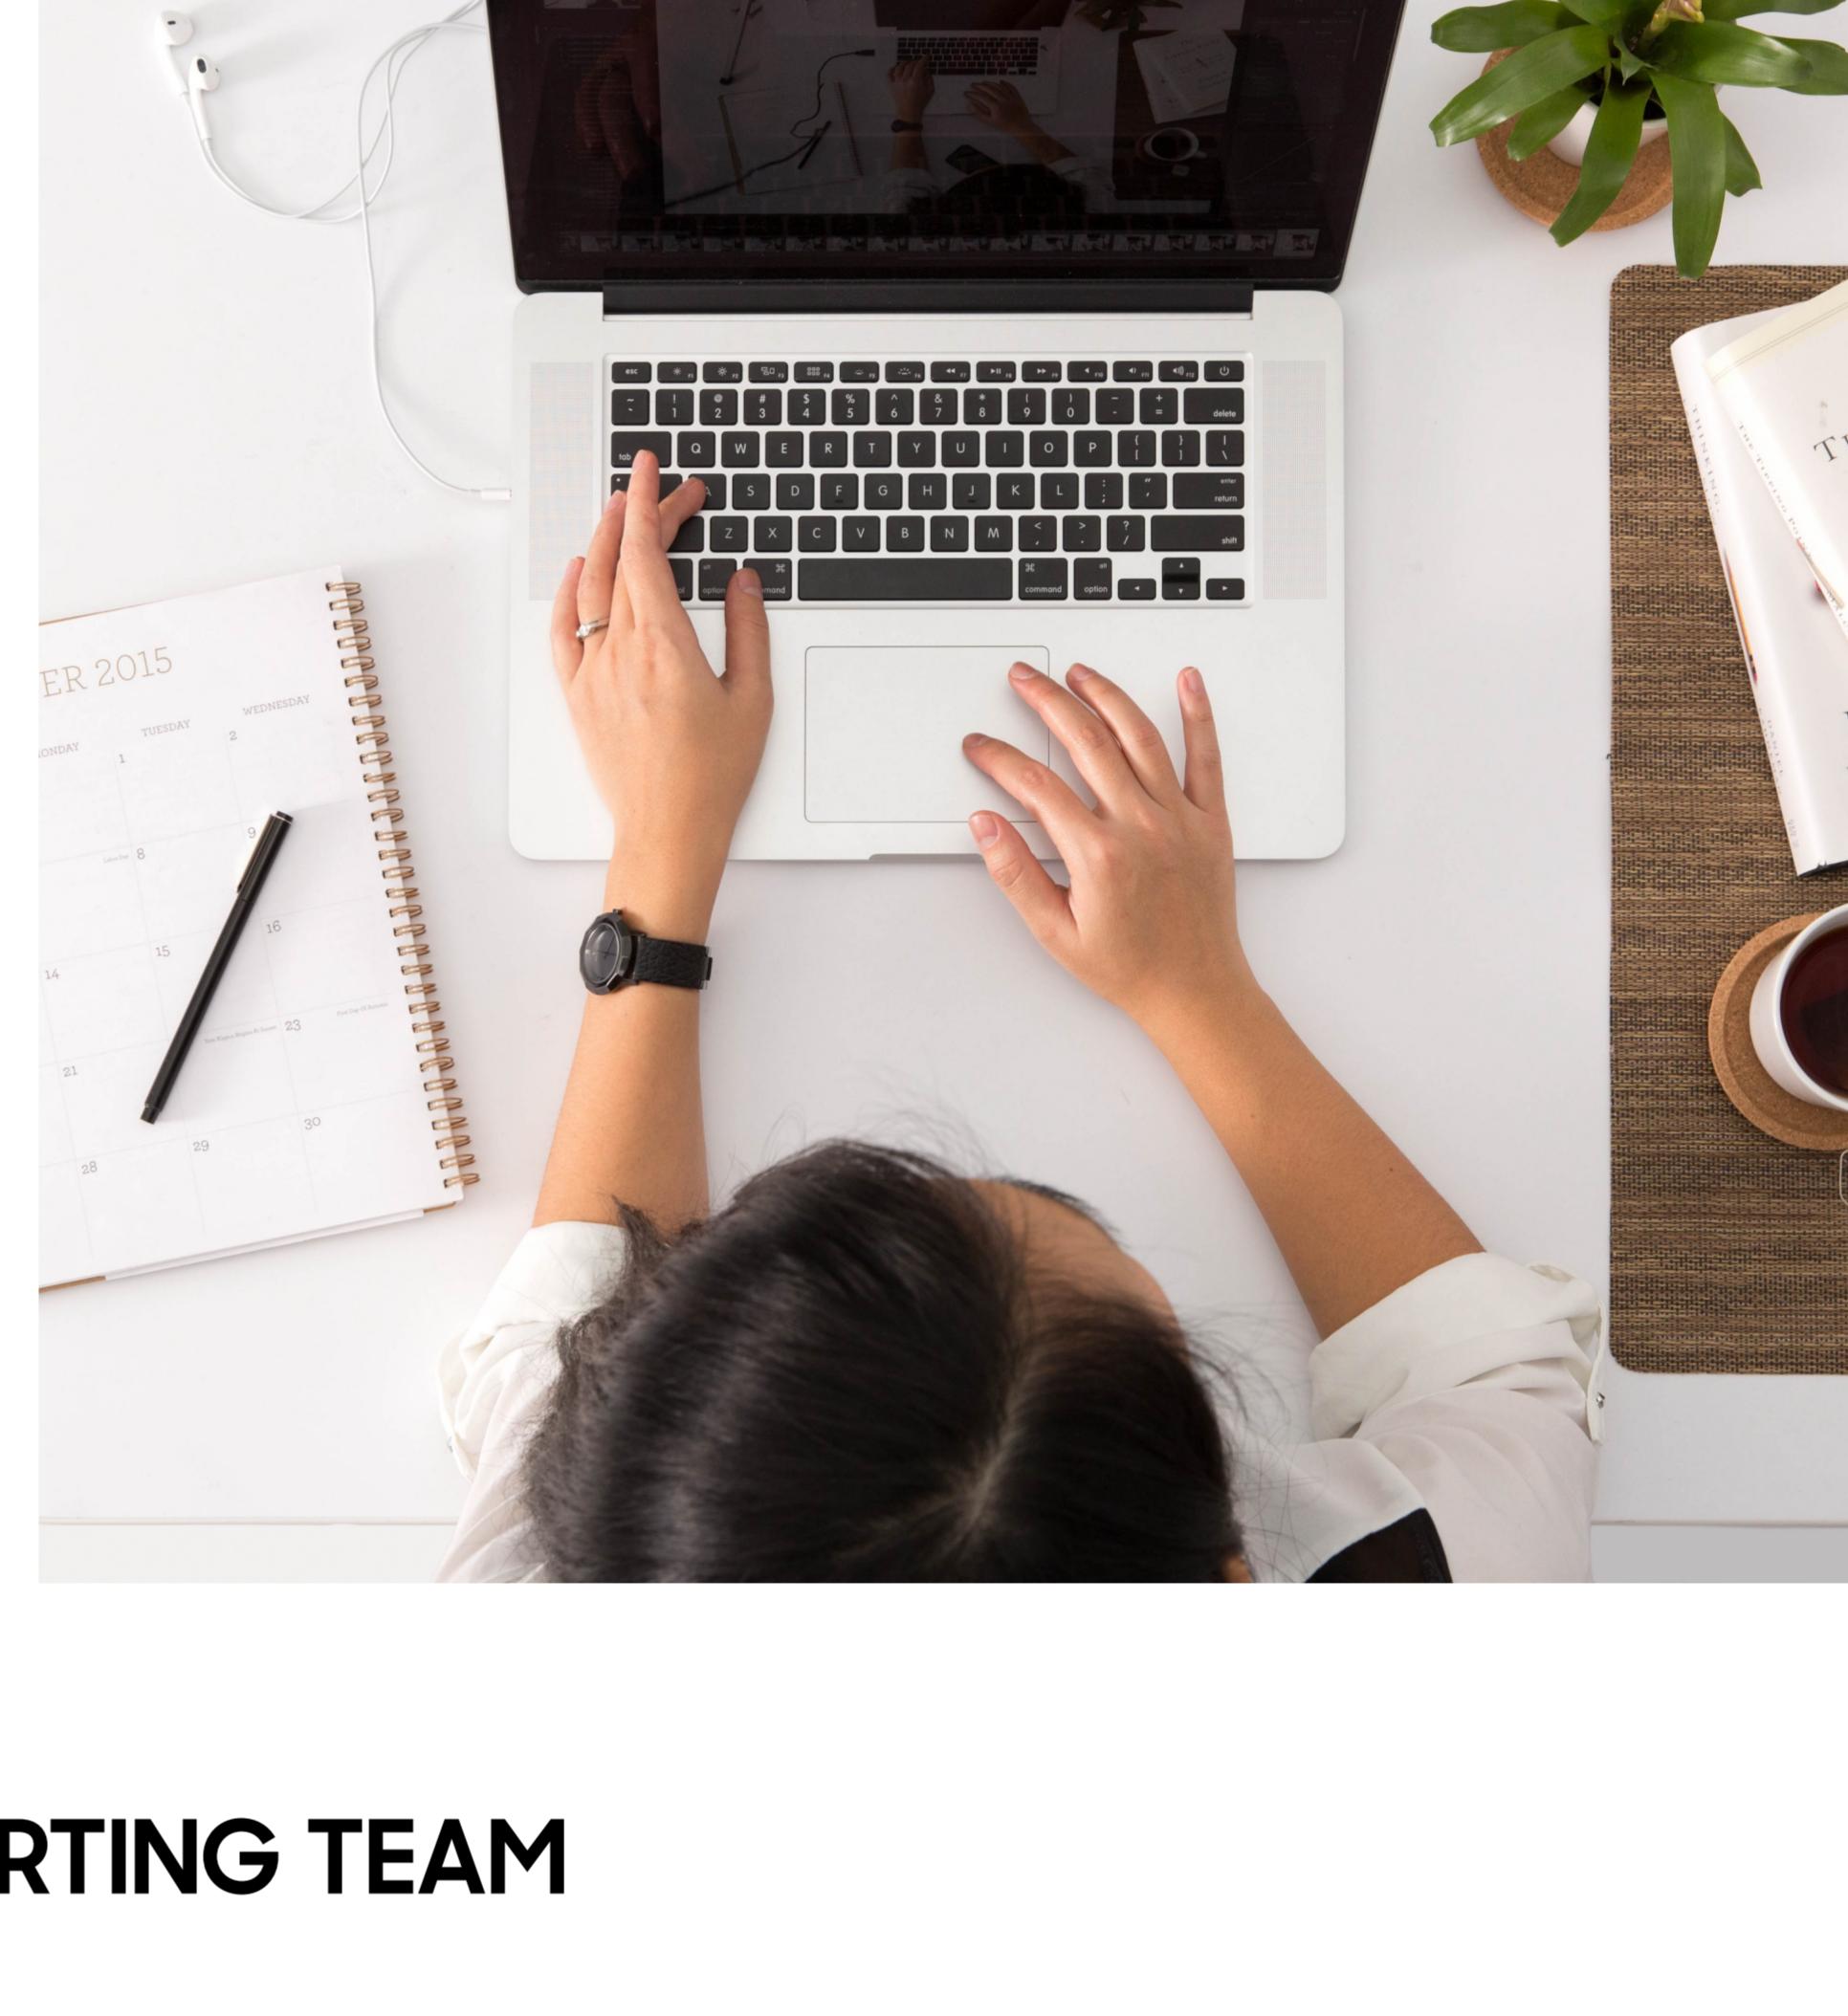

To create new and to add value

### 03. We believe in Capability

To think each one of us are capable! To learn and to do things. We just need the correct triggering

### 04. We believe in Convenience

To understand time is running fast and we need convenience
